

Les Rencontres Professionnelles

Les Rencontres Professionnelles is a live webinar series running from January to May 2024, that features professionals from around the globe sharing about their careers and home countries in French!

Featured presenters spanning from a wide variety of career paths will engage attendees by highlighting how French-English bilingualism has impacted their personal and professional lives, which will be followed by an interactive Q&A session. We invite all French classes (grade 7 to 12) across Newfoundland & Labrador to join and learn more about how bilingualism has opened pathways and benefitted the careers of our presenters!
