

CHAPTER SURVEY

Canadian Parents for French Newfoundland and Labrador is part of a national network of volunteers who value French as an integral part of Canada and are dedicated to the promotion, creation and support of effective French Second Language learning opportunities for youth in our province.

The reason for conducting this survey is to promote our organization, to recruit new members, and to come up with new ideas and activities. French as a second language is vital in our children's lives. To supplement what students are learning in schools our organization gives children an opportunity to learn French outside of the school.

We want to hear from you! Any comments and input toward the improvement of French Second Language learning in your community would be greatly appreciated.

We ask that you please complete the following survey and send it back to us via mail, fax, or e-mail.
